OPEN POSITION

A 6-year post-doctoral position ('Universitätsassistent', salary scheme B1), is available at the surface science group at the Vienna University of Technology in Vienna, Austria. The successful applicant is expected to build an independent research portfolio in the area of Low-Temperature Scanning Tunneling Microscopy/Scanning Force Microscopy. A doctorate in physics, chemistry, or similar is required, as is experience with experimental surface science techniques in ultrahigh vacuum (UHV). Inquiries can be directed to Prof. Ulrike Diebold, diebold@iap.tuwien.ac.at. Applications (cv, publication list, statement of research interests, names of three references) should be sent to Personaladministration, Fachbereich wiss. Personal der Technischen Universität Wien, Karlsplatz 13, 1040 Wien, or per email to thomas.prager@tuwien.ac.at. Deadline: June 10, 2015
